

Kaua`i Open Government Petition

We, the residents of Kaua`i, respectfully request County Council agenda time for public discussion on open government, including, but not limited to, proposals related to the following items:

1. Councilmember's access to the agenda;
2. The placement of public documents, including meeting minutes, on the County's website;
3. Equitable and timely circulation of council service documents;
4. General access to information by the public and Councilmembers.

For these reasons I support this petition.

63	David Thorp	Every council member must have the right to place items on the agenda for discussion and voting. The minutes of all Council and Council committee meetings need to be online on a timely basis. All documents pertaining to a measure before the Council need to be online for public inspection before the matter is voted on. Every other county in Hawaii provides this access to the public. The people of Kauai deserve nothing less.

We, as their constituents, also deserve equal and timely access. I thought all concerns communicated to the County Council were addressed by all members. Leaving the fate of an issue raises by a citizen of this County to one person is nuts. All members of the Kauai County Council should have a say on what and when Kauai or other issues will be on their agenda.

The use of the County website is the most reasonable place to make access available to every member of our community. There are those in our community where getting to Lihue is not always easy.
